REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Terminal Disclaimer filed on 4/28/05 is proper and was recorded. The Disclaimer has obviated double patenting rejection made in the previous Office action. The applicants arguments filed 4/28/05 appear to be moot in view of filing the Disclaimer.

After reconsideration of the claims, specification and the prior art and consideration of applicant's Remarks filed 12/21/04, the examiner agrees with the position of the applicants presented in the Remarks. It is noted that the specification indeed provides support for the claimed subject matter and that the specification indeed demonstrates unexpected results not only for 5% of phosphate ester, but also for 2.5%.

No more relevant art has been found.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Markoff whose telephone number is 571-272-1304. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on 571-272-1414. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
